Documents cited in the International Search Report:

D1: US 5176405 A

D2: WO 9966128 A1

D3: US 20020114931 A1

D4: DE 19915155 A1

The cited documents represent the general state of the art. The invention defined in claims 1-23 is not disclosed by any of these documents.

The cited prior art does not give any indication that would lead a person skilled in the art to the claimed paper-based security product (claims 1-11), the method of manufacturing the security product (claims 12-19) or the method of confirming the authenticity of the security product (claims 20-23). Therefore, the claimed invention is not obvious to a person skilled in the art.

Accordingly, the invention defined in claims 1-23 is novel and is considered to involve an inventive step. The invention is industrially applicable.
